

## Make your Saturday special in Hovingham

On Saturday 4th June, Market visitors have a unique opportunity to visit both the Market and the Worsley family home, Hovingham Hall.

This Palladian family home, and childhood home of Katharine Worsley, Duchess of Kent, was designed and built by Thomas Worsley and is opened once a year in June.

**Please note: The Market is open 1030-1330. The Hall is open by guided tour only (see below for times).**

It's time for outdoor living, BBQs, picnics, getting together with friends and family. If you love food as we do, you can find something special at the Market.

From exquisite smoked salmon, to real organic bread, the finest artisanal cakes and pastries, cookies & biscuits, meats, Hovingham sausages, Italian artisan food, apple juices, tasty pickles, jams and preserves (fruit grown by the maker), oils, real coffees and teas, Ryedale honey, Ryedale cheeses, Scarborough fish, locally grown vegetables, fruit, hand made chocolates, pies, vegetarian and gluten free soups and foods.

And when your shopping bags are full, you can take a well earned rest in our Community Cafe. This month your hosts are Scackleton Over 60's.

A warm welcome to a local Terrington ceramic artist, Design by Carole. Carole produces ceramics and textiles.

"I love the Hovingham Market. You can pick up something special for tea, presents for friends and family and there's always a few things to tempt you and treat yourself too." Lois.

We've a reputation for food with local provenance and interesting wares you won't find on the High Street.

Our stallholders present lavender, cut flowers, plants, felt, jewellery, cushions, skincare, cards, table mats, children's accessories and books, wood carvings, hand made soap, scarves, and beautiful stained glass.
