big butterfly count

14th July - 6th August

Help take nature's pulse! Join the Big Butterfly Count

*Butterflies Chocolates are working with the Butterfly Conservation Charity to promote the Big Butterfly Count that runs from **from 14th July to 6th August**. You can pick up a butterfly identification chart from the Butterflies Chocolates stall at both the July and August Markets. Taking part in the Count is easy - find a sunny spot and spend 15 minutes counting the butterflies you see and then submit sightings online at www.bigbutterflycount.org or via the free Big Butterfly Count app.*

The Big Butterfly Count is the world's largest butterfly survey, which encourages people to spot and record 18 species of common butterflies and two day-flying moths during three weeks of high summer. More than three-quarters of the UK's butterflies have declined in the last 40 years with some common species, such as the Small Tortoiseshell, suffering significant slumps. This year's Count follows new findings that butterflies are declining more rapidly in urban areas than in the countryside.

Butterflies Chocolates are donating 5% of their Hovingham Market July and August sales to the Butterfly Conservation Charity.
