Keeping time at the Market

An appeal to raise funds to automate the winding of the Hovingham Village Clock will be launched at the Market.

At present the clock is wound manually by volunteers. Access to the clock is hazardous and involves climbing the church tower on ladders and working in a confined space. Winding the actual clock is also a very physical work out.

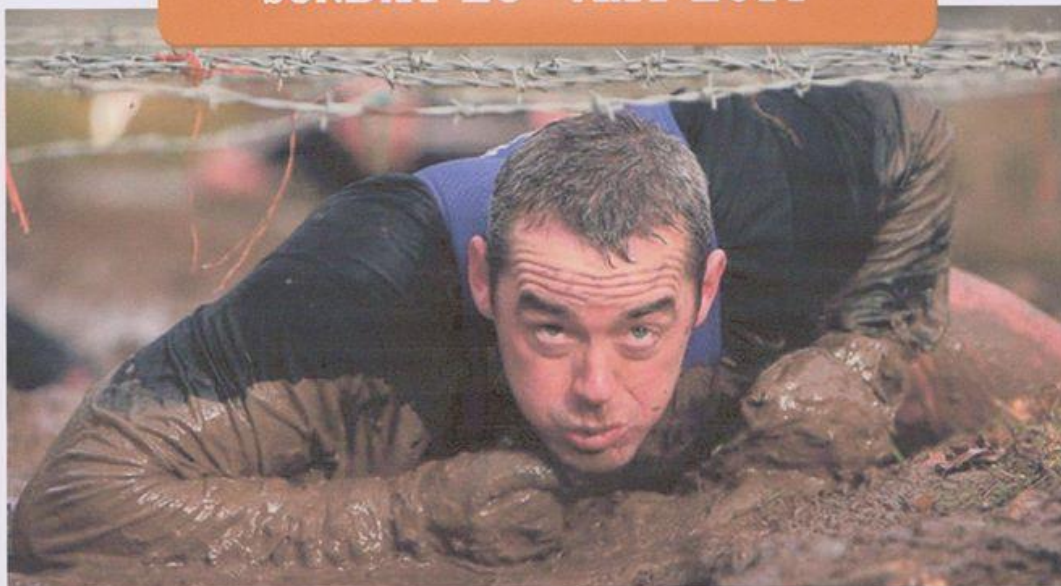

All monies raised will be used to electrify the Village clock and install a night silencer. The fundraising target is £7,000 and the appeal has got off to a great start with £1,900 already secured.

Thanks to **Rob Thompson** for the cartoon.

Are you ready for the **Cedarbarn Dirty Dash**? Cedarbarn Farm Shop (and regular Hovingham stallholder) is celebrating its 10th anniversary and marking the event by raising funds for local family charities. See Karl @hovinghammarket for more information
